Alumni Association Forum: Networking for Flourishing the Possibilities

Dear Alumni & Friends,

Forum of Alumni Association is established for the development of institute and its alumni through improvement and development of educational strategies and programs; provision of financial and material support; and enhancing networking and career development among the alumni. However, it was realized that the importance of networking is under-explored.

Prof. R.N. Kale

Networking means not only visiting different peoples but it is lifestyle where one can identify opportunities, influences & a more interesting life. How can I help this person? Do I know someone in my network that might help to him / her to push forward? Could this person be beneficial to someone in my network? This person is interesting & how can I integrate him in my network? Thus, helping peoples rather than expecting help is networking. In brief, it is ability to identify such talent & social competence & integrate in your network. People with broad networks feel far luckier in life whereas people with narrow networks find life difficult & feel that things don't come easily to them. Broad network means more chances of help, advice & thus success.

'Parivartan', e-Bulletin of SVPM's Pharmacy College Alumni Association is intended to flourish the ability to identify & integrate such talents & competencies & thus strengthen network among alumni, current students, faculty, staff, employers etc. I hope that SVPM's Pharmacy College Alumni Association will accomplish these expectations & emerge as one of powerful platform for networking & mutual benefits.

Being part of 'Parivartan', I appeal to all alumni to forward information &/or photographs of their achievements, promotions, change in job, marriage, birthdays, visits to abroad etc & other accomplishments. Once again thank you all for affection, support & cooperation.

With sincere gratitude

Prof. R.N. Kale
Dept. of Pharmacognosy

SVPMCOP: Developmental Perspective

Dear Alumni & Friends,

I am incredibly grateful by the overwhelming generosity and support you've shown during Alumni Association Meet-2018. I am very much thankful for your support & commitment shown towards Alumni Association and its mission.

After my re-joining as Principal in July 2017, I have got first opportunity to interact with you. By 2019, SVPMCOP will be completing 25 years of its inception. Therefore, this is right time for retrospection & critical analysis.

There are several challenges as well as opportunities too. Fortunately, I have good team of teachers & support staff; pro-active & supportive management & above all, transformable students. We are responding positively to the emerging challenges & demands of the change. Accordingly, we have made radical changes in Teaching-Learning processes; Student Support Services & Developed & implemented Quality Assurance apparatus.

We analyzed GAP in between University Syllabus & Program Outcomes. This GAP is bridged by defining & implementing 'Content beyond Syllabus'. University syllabus is re-organized on basis of 'Critical Sequence', 'Dependent & Supportive Relationships'. Prior-Knowledge is usually re-visited during teaching. Active & Participatory Learning as well as Cooperative Learning is now emphasized. Differential Assignments are conducted to personalize the education. Occasions of Formative Assessments are increased to rectify mistakes before Summative Assessment. The level of Academic Challenges has been improved through by setting standard to be achieved by the learners in the form of 'Learning Outcome Booklet', & 'Open Ended Questions'. Student-Faculty interaction is facilitated through offering 'Course Description Booklet' & by giving constructive & positive feedback on 'Learners Performance'. Co-Curricular, Cultural, Sports, Social & Extension activities offer ample opportunities for all-round development & enriched educational experience at SVPM campus. We are taking utmost care to ensure that every graduate is equipped with optimum level of knowledge, skills, right attitude & behavior.

However, I am aware that there is still big room for improvement & here I expect your help, assistance & cooperation. This may be in the form of your expertise, your network, material & monetary assistance etc to the institute. It is my generous appeal to all alumni to re-connect with association & thus SVPMCOP & come forward for help & assistance in any form. Your single step matters a lot in evolving SVPMCOP as role model in Pharmacy education in rural Maharashtra.

Once again I am thankful for your support & generosity.

With sincere gratitude

Dr. R.B. Jadhav
Principal,
SVPM College of Pharmacy, Malegaon (Bk)
Baramati, Dist. Pune-413115

ANNUAL GENERAL MEETING: MINUTES OF THE MEETING

(Conducted on 28th April 2018)

Agenda No.01

Subject: Proposal to congratulate all alumni for their achievements in their career, business & allied spheres. Proposer: Prof R. S. Bandal

Discussion & Suggestions:

In the capacity of Secretary Prof V. P. Taware had welcomed and congratulated all the alumni for their brilliant achievements. The proposal was supported by all board members of Alumni Association & students.

Agenda No.02

Subject: Improving number of registrations of Alumni Association & inclusion of more number of members. Proposer: Prof. V. P. Taware

Discussion & Suggestions:

The Secretary of Alumni Association, Prof V. P. Taware, put the data on table about current position of registration. He specified that from the first batch (1998), around 1400 students have been graduated/post graduated from the College. However, number of registered alumni is only 50. He emphasized need to improve registration to strengthen networking. All alumni present were agreed to improve number of registration & there was suggestion from alumni that to establish contact by calling with those who are yet not registered. It was further stressed that before next meet, the number should be above 1000 registrations.

Agenda No.03

Subject: Review of work performed in last year by Alumni Association & status of funds. Proposer: Prof. V. P. Taware

Discussion & Suggestions:

The Secretary of Alumni Association, Prof V. P. Taware had given details of work and status of funds as follows:

- a. Life time membership fees of alumni association is Rs 500/-. Currently there are total 50 registered alumni & total amount collected was Rs 25000/-. Additional Rs 2000/- was received from non-registered members.
- b. For registration of alumni association with Charity Commissioner Office (Registration fees) & fees for legal advice, we have spend Rs 5000/-.
- c. Being newly formed, Alumni Association is yet to be active & it was assured that in coming days various activities will be conducted.

Agenda No.04

Subject: Publication of Alumni e-Bulletin. Proposer: Prof. Kale R.N.

Discussion & Suggestions:

Suggestion was welcomed & Prof V. P. Taware had announced that from current year (2018), alumni e-Bulletin will be published. Prof. R. N. Kale has been nominated as editor for e-Bulletin. It was also suggested that e-Bulletin should be circulated through various electronics means such as e-Mail, WhatsApp, Facebook & LinkedIn.

Agenda No.05

Subject: Review the ways of networking & exchange of information related to the new jobs generated.

Proposer: Dr. R. B. Jadhav

Discussion & Suggestions:

Dr R. B. Jadhav had suggested and requested to all alumni that they can forward the job vacancy to Training & Placement Cell. This will be of great help to the graduating students. Alumnus, Mr. Vaibhav Taware suggested to open a Facebook account for alumni for posting the vacancy. He also suggested collecting data of working professionals and communicating with them for placement of students. Alumni, Mr. Sunil Karpe suggested to approach every single working alumnus and request them for campus interview. Dr. R. B. Jadhav welcomed the suggestion from alumni and requested board to follow it.

Agenda No.06

Subject: Identifying the External Coordinators for various activities. Proposer: Prof. Kale R.N.

Discussion & Suggestions:

Prof. R. N. Kale suggested that for various activities like organizing expert lecture, industrial visit, industrial training, placement, procuring drug/polymer samples, instruments, books, journals and raising funds etc an external coordinator should be nominated so that process can be facilitated. Alumni, Mr. Sunil Karpe & Mr. Vikramshin Deshmukh suggested rather than having various activity coordinators, we can appoint external coordinator from each batch (Batch Coordinator). This suggestion was accepted unanimously.

Agenda No.07

Subject: Exploring the ways by which alumni can contribute for development of Institute. Proposer: Dr. R.B. Jadhav

Discussion & Suggestions:

Dr R. B. Jadhav requested to alumni to contribute for development of institute by sponsoring the laboratory, equipments, instrument, books, journals or fund for development of institute. Alumnus, Mr. Vinod Saste suggested and requested to alumni that they should try to get equipments, instruments, books etc for the institute. He also stressed need to approach alumni & have appeal for such donation. Suggestion was accepted unanimously.

Agenda No.08

Subject: Generation of alumni funds for various social, educational, extension activities. Proposer: Dr. R.B. Jadhav

Discussion & Suggestions:

Dr R. B. Jadhav requested the alumni to contribute for alumni funds for conducting various social, educational, extension activities. Alumnus, Mr. Sunil Karpe suggested that funds should be used for needy students in respect of his study. In response, Dr. R.B. Jadhav announced donation of Rs. 10,000/- to alumni fund. His initiative is appreciated by alumni, office bearer of Association & students.

Agenda No.09

Subject: Institution of Awards in the name of your beloved one. Proposer: Dr. R.B. Jadhav

Discussion & Suggestions:

Dr. R.B. Jadhav appealed to alumni to institute awards to the students in the name of their beloved ones to motivate students. In response, Alumnus, Mr. Sunil Karpe announced Rs 10,000/- as award for the toppers in UG Course. Alumnus, Prof. R. S. Bandal announced award in the memory of his father, Late Shri. Shivajirao Bandal. Initiatives from alumni are highly appreciated by the board members & students.

Agenda No.10

Subject: Any other subject with the permission of chair

Discussion & Suggestions:

Dr. R. B. Jadhav, Principal, SVPMCOP put the latest information on table that college management is agreed to celebrate 25 years of inception of institute in mega way in year 2019. This initiative was highly appreciated by the alumni, board members & students. Since there was no item for discussion, the Secretary, Prof V. P. Taware gave vote of thanks & concluded the meeting.

Panel Discussion

University Curriculum & Requirements of Employment Market: GAP Analysis

Panel discussion was organized with the Alumni during Alumni Meet-2018. Objective of such discussion was to identify the gap in between curriculum & requirements of employment market. Following alumni were participated in panel discussion. Discussion was lead by Dr. R.B. Jadhav.

Alumnus	Working Area
Mr. Sunil Karpe	Industry
Mr. Sujit Shinde	Trainer & Entrepreneur
Mr. Vaibhav Taware	Entrepreneur
Prof. Deshmukh Vikram	Academics
Mr. Vinod Saste	Entrepreneur
Mr. Ashish Pawar	Industry
Mr. Shailesh Shaha	Entrepreneur

Almost all panelists agreed that there is gap in between what is taught in classrooms & what is required in Pharma Industry, Sales & Marketing & other areas of Pharma sector.

Senior alumnus, Mr. Sunil Karpe emphasized that basic knowledge & skills are mandatory requirements but in addition, students need to develop other expertise & skills. He put his own example that apart from Pharmacy knowledge, he learned Engineering design of Pharma plant. This facilitated him to become as an important resource person for his organization who has multiple skills. He also emphasized need of developing technical skills such as handling of modern & sophisticated instruments.

Alumnus, Mr. Ashish Pawar, working in industry, stressed that students should undergo rigorous industrial training since it matters most especially during first interview. He also appealed that institute should take advantage of 'Corporate Social Responsibility' (CSR) policy for assistance from industry.

Alumni Mr. Vaibhav Taware, Mr. Vinod Saste & Mr. Shailesh Shaha believe in Self-Employment & generating new jobs rather than searching for jobs. Mr. Vinod Saste suggested that one should start small business using government support for 'Startup'. Learn entrepreneur skills & grow slowly but certainly.

Senior alumnus, Prof. Vikram Deshmukh stressed need to bridge the gap irrespective of requirements of NBA or NAAC. He pointed that these is big space for development in Pedagogical practices, & Teachers Training.

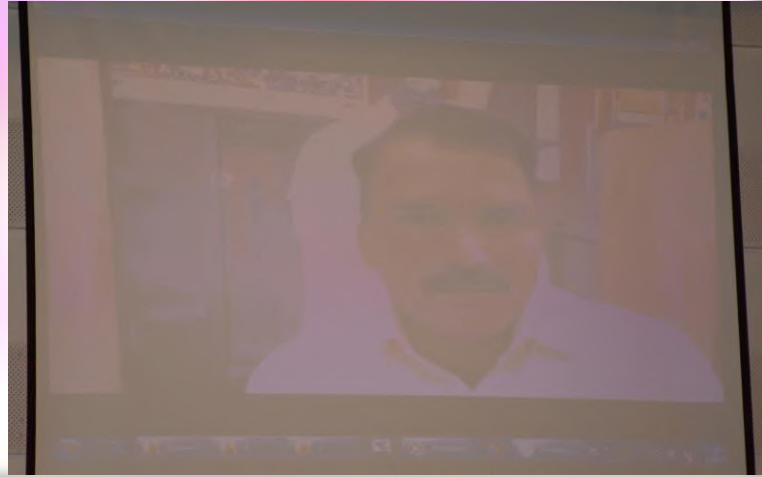

Senior alumnus, Mr. Sujit Shinde, who is professional trainer emphasized need of developing soft skills & employability skills such as communication, organization, leadership, team working skills. He further elaborated direct link in between once earning with number & level of attainment of different skills.

Dr. R.B. Jadhav expressed vote of thanks for exploring valuable inputs from alumni & concluded the panel discussion.
